Request Date: _____

TREE REMOVAL REQUEST

It is not the responsibility of the Rim to survey any member's property to determine ownership of trees being tagged for removal by a requesting member. Requests for tree removal(s) are taken in good faith and are assumed by the Rim's ARCH committee to be located on the requesting members own property. By signing the bottom of this form, the member requesting to remove trees assumes any and all responsibility of his/her actions for the removal of all such trees, and thereby accepts full responsibility should a dispute arise as to ownership of said tree(s) and/or to any property line disputes.
